Dear Ms. Thompson:

Re: Request for extension of time to file quarterly report

I have received your letter, dated April 17, regarding the request of the Sempra Utilities (San Diego Gas & Electric Company and Southern California Gas Company) for an extension of time until June 1, 2002 to submit their quarterly reports on energy efficiency programs. It appears that you are requesting this extension on behalf of Pacific Gas and Electric Company and Southern California Edison Company, as well. You cite numerous filings that must be completed prior to May 1, which required substantial time and attention of the same staff members who must prepare the quarterly report.

Given the circumstances you have described, this is a reasonable request and I grant the requested extension. Please provide all parties impacted by this extension with a copy of this letter, as required by Rule 48(b).

Very truly yours,
